## GDPR Support – MAGENTO 2

### USER GUIDE – version 1.3.0

#### 1. Introduction

The **General Data Protection Regulation (GDPR)** is a regulation by which the European Parliament, the Council of the European Union and the European Commission intend to strengthen and unify data protection for all individuals within the European Union (EU).

This extension provides some features which help your website to meet GDPR requirements.

#### Features

- Cookie notification popup
- Cookie configuration
- Allow customer to delete account and data from frontend

#### 2. How to use

- Upload our module package to your Magento root directory then flush cache storage.
- There are 2 static blocks created automatically in Content -> Blocks with ID: “cookie\_notice” and “cookie\_settings”
- Edit or translate content of each block to make them display as you want.
- Go to Store -> Configuraiton -> General -> GDPR Support to configure the module.
- Clear cache after saving configuration to see the result in frontend.
